

Expert Biomedical Translation,
Editing & Validation

Unleashing your global biomedical aspirations

BQT expands your global reach by providing you with professional, expert translation services in the Medical, Pharmaceutical, Chemical and Biotech fields.

In the global village that is our world today, language is the final barrier for sharing knowledge and conducting successful international business. In the biomedical field – this could not be more true: biomedical translations require a unique skill and must only be performed by specialized, experienced professionals with a deep understanding of the subject matter and a mastery of biomedical terms, concepts and regulatory requirements, in both the source and target languages.

BQT offers the most advanced biomedical translation services available today by combining the latest in translation technologies & practices with expert biomedical knowledge:

- Professional content editing by leading industry experts, physicians, scientists, researchers and advisors from around the world
- High-end quality assurance processes
- Cutting edge tools for reliable and consistent translations
- High-quality, personal customer service

Our Services Include:

- Drugs, Biologics and Medical Devices
- Clinical Trials Documentation:
 - ICS/ICD
 - Protocol synopsis
 - Investigator's brochure
 - Patient diary
 - Instructions for use
 - Ethics committee correspondence
- Text Books and Articles
- Brochures and Manuals
- Legal Information
- Labeling
- Safety Reports

Biomedical translations
require a unique skill
and must only be performed
by specialized, experienced
professionals

About BQT

BQT is a joint venture of BioForum – the leading applied knowledge center for the biotechnology, pharmaceutical and medical device industries, and QT – a world leader in translation and localization. Combining QT's unique translation workflow and expert personnel, with Bioforum's global team of experts in the various biomedical fields, BQT provides unparalleled translation, editing and validation services to some of the world's most prominent biomedical companies, medical centers and institutions.

BQT is a joint venture of:
